When I started the challenge I didn't see anything important in The page. So , i try to do fuzzing by using fuff and in the result I see robots.txt file so I go to robots.txt file and I see this content for robots.txt →

User-agent: *

Disallow: /726f626f74732e7478745f69735f7468655f666c6167/

So I go to this path / 726f626f74732e7478745f69735f7468655f666c6167/ and I see the Flag
